Master of Science 1st level (one-year course)

“INTERNATIONAL COOPERATION, FINANCE AND DEVELOPMENT” – ICO –

Objectives

The Master focuses on issues related to development and growth both in developing and emerging countries as well as in the backward regions of developed countries. It is designed to provide a broad education in international cooperation and economic development by enabling students to acquire critical views that could help in the understanding public and private policies within the international cooperation framework. It also provides specialized knowledges on planning practices and project management. Master graduates will be prepared to manage international cooperation and development projects in different sectors, consistently with their training and experience, within a variety of organizations including International institutions, Public Administration, NGOs, Private companies.

Contents

The Master is articulated into 5 sections (6 subjects) focusing on issues related to the development and growth both in developing and emerging countries as well in the backward areas of developed countries. Understanding the processes of social change, economic development, globalization and international trade within different political, cultural, economic and environmental contexts, are the focus of the Master course.

Admission requirements and career opportunities

The enrolment to the Master requires the completion of an undergraduate degree, obtained after a minimum of 3 years of study (180 ECTS).

The Master graduates will be prepared to analyse and manage projects of international cooperation and development in different sectors, consistently with their training and experience, within a variety of organizations including International institutions, Public Administration, NGOs, private companies.

Enrolment into the Master is possible at any time of the academic year. Fill the following contact form or send an email to segreteriastudenti@unitelmasapienza.it

In order to verify your compliance with the Master's admission requirements enclosing the following supporting documents:

- copy of the Bachelor's Degree or Master's Degree (in English);
- if not available in English, translation of the above document into Italian;
- “Declaration of Value”.

The Declaration of Value is an information document describing the qualification awarded to a given person by an institution belonging to an education system other than the Italian system. It generally contains the following information:

- legal status and nature of the issuing institution;
- access requirements for the programme leading to the academic degree;
- legal duration of the study programme and/or overall commitment required in terms of credits or hours;
- academic and/or professional value of the degree in the Country where it has been issued.

The Declaration of Value is an official document issued by the Italian Diplomatic Representation (Consulate or Embassy) in the country where the academic degree has been issued.

Foreign applicants interested in attending the Master program without the legal award of 60 ECTS are not required to submit the Declaration of Value. In this case, applicants will receive the certification of attendance to the Master after the completion of the project works and the thesis degree.
